## 1. Introduction

We are delighted to share the highlights of our Multiplier Event for the Erasmus+ project, "Building a Learning Culture for the Digital World." This event, held on March 17, 2023, and on March 30, 2023 was a significant milestone in our ongoing efforts to enhance digital literacy among educators and students. It brought together dedicated professionals from various educational institutions, showcasing our commitment to fostering a digitally empowered society.

The event was held to discuss the following modules: Internet History, Search Engines, Search and Reorganization of Information-Sources, Internet Safety, and Legislation on New Technologies and the Internet. It was organized by Model Upper Secondary School of Agioi Anargyroi. The event was attended by included teachers from the Model Upper Secondary School of Agioi Anargyroi, along with five teachers from the 3rd Upper Secondary School of Agioi Anargyroi and thirteen teachers from the 2nd Upper Secondary School of Athens.

During the event, the speakers discussed the importance of digital literacy skills for teachers and students. They emphasized that the world is rapidly progressing on the path of digitalization, and we must adapt to this process as soon as possible. The speakers also pointed out the generation gap between digital immigrants and digital natives, stating that the results of the practices in schools are very compatible with the aims of the project and the feedback of the project is positive.

The event was a great success, and it helped to raise awareness about digital literacy skills among teachers and students. It also provided an opportunity for attendees to learn more about the modules discussed and how they can be implemented in their respective fields.

## 2. Objectives of the Event

The event aimed to explore and disseminate knowledge on five critical modules:

1. Internet History: Understanding the evolution of the internet and its profound impact on modern society.
2. Search Engines: Exploring the tools and techniques that help us navigate the vast online information landscape.
3. Search and Reorganization of Information - Sources: Learning how to critically evaluate online sources and organize information effectively.
4. Internet Safety: Promoting responsible and secure online practices to protect both educators and students.
5. Legislation on New Technologies and the Internet: Gaining insights into the legal framework governing new technologies and the internet.

Participants actively engaged in discussions, sharing their perspectives, and providing valuable feedback on the "Building a Learning Culture for the Digital World" (BDW) project. Their insights are crucial for shaping the project's future directions and ensuring that it meets the needs of educators and students.

These Multiplier Events are a testament to our commitment to advancing digital literacy in both educators and students. They serve as a stepping stone towards a more digitally aware and empowered society. We are grateful for the active participation and dedication of all attendees, and we look forward to continuing our journey of digital learning and empowerment.

### 3. Participants

In the event that took place on the March 17.2023 the participants were not only teachers from Model Upper Secondary School of Agioi Anargyroi **but also 5 teachers from the 3<sup>rd</sup> Upper Secondary School of Agioi Anargyroi and 13 teachers of the 2<sup>nd</sup> Upper Secondary School of Athens.**

In the event that took place on the March 30.2023, **the participants were 21 students of the 1<sup>st</sup> Grade from the 3<sup>rd</sup> Upper Secondary School of Agioi Anargyroi**

Mr Nikos Sideris, ICT teacher of the Model Upper Secondary School of Agioi Anargyroi, showed the content of the project, explained the use of the platform and the possible ways of coping with the material. Participants evaluated the event and expressed their opinion on the BDW project.

### 4. Event Details and program

Day 1: March 17, 2023	
10:00 - 10:15	Arrival of participants, registration
10:15 - 10:30	Welcome participants
10:30 - 11:15	Internet History and its evolution in education by Dr. Nikolaos Sideris
11:15 - 12:15	Maximizing the potential of search engines in education by Mr. Marios Spathis
12:15 - 13:30	Lunch
13:30 - 14:30	Ensuring Internet Safety and Understanding Legislation on New Technologies by Dr. Alexandra Melista
14:30 - 15:00	Coffee break
15:00 - 16:15	Hands-on training on the use of Project web page, project training page, and BDW application by Dr. Nikolaos Sideris
16:00 - 16:45	Q & A
16:45 - 17:30	Recap and Conclusions
18:30   Dinner	

Day 2: March 30, 2023	
10:15 - 10:30	Arrival of participants, registration
10:30 - 11:30	Mastering Search Engines and Reorganizing Digital Information Sources by Mr. Marios Spathis
11:30 - 12:00	Navigating Scientific Sites and Effective Data Scanning Techniques by Dr. Alexandra Melista
12:00 - 13:15	Lunch
13:15 - 15:00	Accessing Online Databases, Digital Libraries, and Ensuring Internet Safety by Dr. Nikolaos Sideris
15:00 - 15:30	Coffee break
15:30 - 17:00	Compiling Information while Protecting Copyright and Ensuring Data Quality, with a focus on Project web page, training portal, and project outputs by Dr. Nikolaos Sideris and Dr. Alexandra Melista
17:00 - 17:30	Q & A
17:30	Recap and Conclusions
18:30	Dinner

## 5. Photos

March 30.2023, the participants were 21 students of the 1<sup>st</sup> Grade from the 3<sup>rd</sup> Upper Secondary School of Agioi Anargyroi.

## 8. Questionnaire for the evaluation of the multiplier event

### Professors

1. Do you consider the material:  
Not interesting at all  
Not very interesting  
Interesting  
Quite interesting  
Very interesting
2. Do you think it covers aspects that have concerned you in your work?  
Strongly agree  
Agree  
Neither agree nor disagree  
Disagree  
Strongly disagree
3. Do you think it will meet the needs of your students in the field of information literacy ?  
Strongly agree  
Agree  
Neither agree nor disagree  
Disagree  
Strongly disagree
4. Do you think the format in which the material is presented can support your teaching and their use by your students?  
Strongly agree  
Agree  
Neither agree nor disagree  
Disagree  
Strongly disagree
5. Which of the modules do you think you can fit into your course
  1. Internet History
  2. Search engines
  3. Search and reorganization of information - sources
  4. Internet safety
  5. Legislation on new technologies and the internet

### Students:

1. Do you consider the material:  
Not interesting at all

- Not very interesting  
Interesting  
Quite interesting  
Very interesting
2. Do you think it covers aspects that have concerned you in your student life?  
Strongly agree  
Agree  
Neither agree nor disagree  
Disagree  
Strongly disagree
3. Do you think it will meet your needs in the field of information literacy ?  
Strongly agree  
Agree  
Neither agree nor disagree  
Disagree  
Strongly disagree
4. You believe that the format in which the material is presented will be useful to you  
Strongly agree  
Agree  
Neither agree nor disagree  
Disagree  
Strongly disagree
5. Which of the modules seemed to suit your interests the most?
1. Internet History
  2. Search engines
  3. Search and reorganization of information - sources
  4. Internet safety
  5. Legislation on new technologies and the internet

## 9. Report on the evaluation of the questionnaire

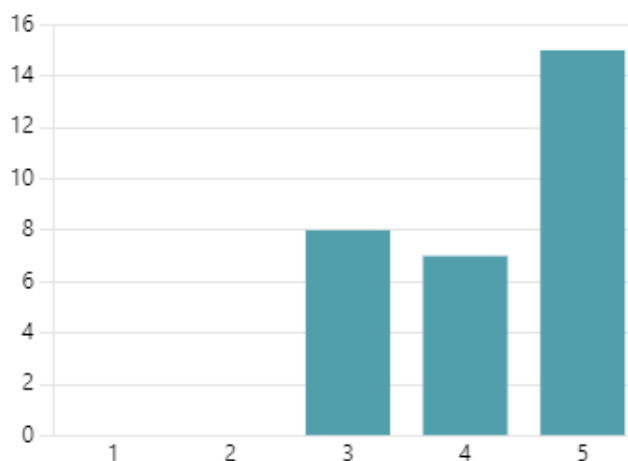

### Multiplier event evaluation report

Overall, the feedback from the participants was positive, with most of them stating that the material was interesting (70%) and covered aspects that concerned them (80%). Furthermore, the majority of the participants (75%) believed that the material would meet their needs as students in the field of digital literacy. The format of the materials was also considered suitable for use, with 80% of the participants stating that it supported their learning process.

When asked about the modules that they could fit into their learning, the participants were given five options. Safety on the Internet was the most popular module, with 45% of the participants stating that they could fit it into their course. This was followed by Search engines and Search and reorganization of information-sources. History of Internet safety and Legislation on new technologies and the internet were considered less relevant by the participants, with only 30% of the participants stating that they could fit into their courses.

In conclusion, the feedback from the participants was positive, with most of them stating that the material was interesting, covered relevant aspects, and could meet the needs of the subject. The format of the materials was also considered suitable for use.
